vivera™ retainers

You have
questions.
**We have
answers.**

Do I need retainers?

- Retainers prevent teeth from gradually shifting back toward their initial position after braces, Invisalign® treatment or other teeth-straightening treatments. The paradigm today is that retention is for life – the right retainers and retainer maintenance can protect the investment you’ve made in your smile and save you money in the long run. Every case is different, so ask your doctor if you need retainers.

What’s different about Vivera™ retainers?

- Vivera retainers are made by the same team that makes Invisalign clear aligners, so you’ll get a virtually-invisible look and comfortable, custom fit that Invisalign aligners are known for. Doctors who have used Vivera retainers are more satisfied with Vivera retainers than with other retainers¹. Vivera retainer material is also at least 30% stronger and twice as durable as other leading clear retainer materials².

How do I start my Vivera Retainer Subscription?

- Your doctor’s office will send you a quote via email. Simply log in or create your account online by visiting the [My.Invisalign.com](https://www.MyInvisalign.com) website, selecting your subscription options, and we will take it from there. You use your [My.Invisalign.com](https://www.MyInvisalign.com) account to manage your subscription.

What does the Vivera Retainer Subscription “annual auto-renewal” mean?

- Your subscription will renew each year automatically. So, for example, if you select two sets of retainers per year, you will receive two sets each year until your subscription is canceled. You can opt out of the auto-renewal at any time.

How will I receive my Vivera retainers?

- Your Vivera retainers will be shipped directly to your doctor’s office. You will be contacted by your doctor when your retainers are ready to be picked up.

When will I be billed?

- You will be billed for your annual subscription after your first set of Vivera retainers ship. You may choose to pay on an annual or monthly basis during your sign-up.

Can I cancel my subscription?

- You may cancel your Vivera Retainer Subscription at any time. Pricing, returns and refunds are at the discretion of your doctor and in accordance with the subscription terms and conditions. You will be able to review cancellation terms before you complete your sign-up at [My.Invisalign.com](https://www.MyInvisalign.com).
